CIVIL ACTION

FILE NO. 20-EV-002508

Hon. Myra Dixon

**PLAINTIFFS' THIRD AMENDED
COMPLAINT FOR DAMAGES**

Summary of Amendment

1. Plaintiffs hereby amend the complaint to add allegations concerning the qualifications of Dr. Peter Mowschenson.¹

2. This Third Amended Complaint incorporates the entirety of the First and Second Amended Complaints in this action.

Substance of Amendment

3. At the time the acts or omissions at issue in this lawsuit are alleged to have occurred, Dr. Peter Mowschenson was licensed by an appropriate regulatory agency to practice his or her profession in the state in which he was practicing or teaching in the profession at such time. Specifically, Dr. Mowschenson was licensed to practice medicine by the State of Massachusetts, where he was (and is) practicing medicine.

4. Dr. Peter Mowschenson was (and is) a member of the same profession as each of the individual Defendants.

¹ The Ouderkirk and Tims-Cook Defendants have moved to dismiss the action against them on the ground that Dr. Peter Mowschenson does not meet the requirements of OCGA 24-7-702 — the *Daubert* rule — as incorporated by OCGA 9-11-9.1. Despite specifically invoking the *Daubert* rule, both sets of Defendants insist that their motions are not governed by the principles that apply to *Daubert* challenges. These Defendants insist that their motions are ordinary motions to dismiss, to be decided solely on the allegations of the complaint. In case the Defendants are correct on that point, Plaintiffs amend their complaint to specifically allege Dr. Mowschenson's qualifications.

5. Dr. Mowschenson and each of the individual Defendants are medical doctors.

6. The area of practice or specialty in which Dr. Peter Mowschenson's opinion is to be given is this:

Responding to grossly abnormal findings in a hospital patient for whom the physician is acting either as an attending physician or as a consulting physician — either by addressing the issue personally or by ensuring that another physician is addressing it.

7. Dr. Mowschenson had actual professional knowledge and experience in this area of practice or specialty as the result of having been regularly engaged in the active practice of such area of specialty of his profession for decades (continuing to the present) both as an attending physician and as a consulting physician for hospital patients.

8. Dr. Mowschenson has served as an attending or consulting physician for many thousands of hospital patients.

9. In his practice, Dr. Mowschenson encounters grossly abnormal findings that raise issues outside his own practice specialty.

10. Dr. Mowschenson is familiar with what is required of an attending or consulting physician who sees that his or her patient has grossly abnormal findings, including grossly abnormal fluid production.

11. Dr. Mowschenson's practice affords him an appropriate level of knowledge about the response required when an attending or consulting physician

encounters a patient with grossly abnormal findings, including grossly abnormal fluid production.

12. Dr. Mowschenson's education, training, and extensive practice affords him the knowledge that when an attending or consulting physician encounters a patient with grossly abnormal findings, the physician must ensure that the abnormality is being, or promptly will be, investigated and addressed by a responsible physician.

13. Dr. Mowschenson's education, training, and extensive practice affords him the knowledge that on many issues, the standard of care imposes similar requirements upon any physician, regardless of specialty, and regardless of whether the physician is the attending physician (with primary responsibility for the patient) or a consulting physician (with a narrower scope of responsibility).

14. Dr. Mowschenson's education, training, and extensive practice afford him the knowledge that on many issues, any competent and reasonably diligent physician would take many of the same actions, regardless of specialty.

15. Dr. Mowschenson's education, training, and extensive practice affords him the knowledge that Mr. Oh's grossly abnormal production of fluids imposed a duty on each of Mr. Oh's attending and consulting physicians to immediately investigate the nature and cause of the fluid pouring from the suprapubic catheter (or to make sure one of them had already taken charge of this investigation).

16. Dr. Mowschenson's education, training, and extensive practice affords him the knowledge that Mr. Oh's grossly abnormal production of fluids is one of the

circumstances that, initially at least, imposes the same duty on all of his attending “or consulting physicians, regardless of specialty.

17. Dr. Mowschenson’s education, training, and extensive practice affords him the knowledge that by failing either to personally address Mr. Oh’s grossly abnormal fluid production, or to ensure that another physician was addressing it, each of the individual Defendants violated their standard of care.

Curriculum Vitae

Date Prepared: 11/11/19
Name: Peter Michael Mowschenson
Office Address: 1180 Beacon St.
Brookline, MA 02446
Home Address: 1 Charles St. South, 15D
Boston, MA 02116
Work Phone: 617-735-8868
Work Email: pmowsche@caregroup.harvard.edu
Work FAX: 617-730-9845
Place of Birth: Penang, Malaya

Education

1969	B.Sc. (First Class Honours)	Guy's Hospital Medical School, University of London, England
1973	L.R.C.P., M.R.C.S.	
1973	M.B.,B.S. (First Class Honors)	
1975	M.R.C.P. (U.K.)	
1977	F.R.C.S. (Eng)	

Postdoctoral Training

1973-1975	Registrar	Surgery	Guy's Hospital, London
1975-1979	Resident	Surgery	Beth Israel Hospital
1979-1980	Surgical Coordinator		Beth Israel Hospital
1980-1982	Fellow	Endocrinology	Harvard School of Public Health

Faculty Academic Appointments

7/81-9/90	Clinical Instructor in Surgery	Harvard Medical School
1990-2016	Clinical Assistant Professor of Surgery	Harvard Medical School

2017 Assistant Professor of Surgery Harvard Medical School

Appointments at Hospitals/Affiliated Institutions

1981-1987	Assistant Surgeon	Dept. of Surgery	Beth Israel Hospital
1987-1988	Associate Surgeon	Dept. of Surgery	Beth Israel Hospital
1989-	Surgeon	Dept. of Surgery	Beth Israel Hospital [after 1996: Beth Israel Deaconess Medical Center]

Major Administrative Leadership Positions

Local

1984-1988	Chief of Surgery, Brookline Hospital, Brookline, MA		
1994-1997	Executive Board Member, Harvard Center for Minimally Invasive Surgery		
1995- 2019	President, Affiliated Physicians Inc., Beth Israel Deaconess Medical Center [prior to 1996: Affiliated Physicians Inc., Beth Israel Hospital]		
1996-2014	Vice President & Board Member, Beth Israel Deaconess Care Organization [prior to 2013: Beth Israel Deaconess Physicians Organization]		
2001-2010	Member, Board of Trustees, Beth Israel Deaconess Medical Center		
2014- Present	Board Member, Beth Israel Deaconess Care Organization		

Committee Service

Local

1982-2000	Staff Council	Beth Israel Hospital
1988-2001	Medical Executive Committee	Beth Israel Hospital [after 1996: Beth Israel Deaconess Medical Center]

Professional Societies

1983- Present	American Association of Endocrine Surgeons	Member
1983- Present	American College of Surgeons	Fellow
1987-	Boston Surgical Society	Member

Present		
1981- Present	Massachusetts Medical Society	Member
1990- Present	Society Of Lapareoscopic Surgeons	Member
1990- Present	New England Surgical Society	Member
1990- Present	Society for Surgery of the Alimentary Tract	Member

Honors and Prizes

1968	Michael Harris Prize In Anatomy	Guy's Hospital Medical School
	Gowland Hopkins Prize In Biochemistry	Guy's Hospital Medical School
	Pharmacology Prize	Guy's Hospital Medical School
	University Award For Best Performance In 2nd M.B. Examination	Guy's Hospital Medical School
1970	Dermatology Prize	Guy's Hospital Medical School
1971	Charles Oldham Prize in Ophthalmology	Guy's Hospital Medical School
1972	Beaney Prize In Pathology	Guy's Hospital Medical School
	Golding Bird Gold Medal and Scholarship in Bacteriology	Guy's Hospital Medical School
	Hillman Prize In Paediatrics	Guy's Hospital Medical School
	Hillman Prize In Haematology 1973	Guy's Hospital Medical School
	Charles Foster Prize In Cardiology	Guy's Hospital Medical School
	Begley Prize of The Royal College of Surgeons	The Royal College of Surgeons
	Honours in the Final M.B.,B.S. Examination in Medicine, Surgery, Pharmacology, Pathology	Guy's Hospital Medical School
	University Gold Medal - Top Performance in the final qualifying examination for M.B.,B.S.	Guy's Hospital Medical School
1975	Hallet Prize of The Royal College of Surgeons for Top Performance in the F.R.C.S Examination	The Royal College of Surgeons
1976	Harris Yett Prize In Orthopaedics	Beth Israel Hospital

1986	Harold Bengloff Award	Dept. of Surgery, Beth Israel Hospital	Teaching
2004	Harold Bengloff Award	Dept. of Surgery, Beth Israel Deaconess Medical Center	Teaching

Report of Local Teaching and Training

Teaching of Students in Courses

1981-present	<i>Introduction to Clinical Medicine</i> Surgical preceptor for Harvard Medical Students	Beth Israel Deaconess Medical Center [prior to 1996: Beth Israel Hospital] 2 hrs per week
2000-2013	“Surgery of Inflammatory Bowel Disease” <i>Core Clerkship in Surgery</i> 3 rd year medical students	Beth Israel Deaconess Medical Center 1 hr lecture, 3-4 times/year

Formal Teaching of Residents, Clinical Fellows and Research Fellows (post-docs)

1988-1993	Text Review sessions for surgical residents. Weekly sessions for topic review and regular multiple choice question examination.	Beth Israel Hospital 4 hrs weekly
-----------	--	-----------------------------------

Clinical Supervisory and Training Responsibilities

1981-	<i>Core Clerkship in Surgery</i> 3 rd year medical students Clinical teacher on rounds and in the OR	Beth Israel Deaconess Medical Center [prior to 1996: Beth Israel Hospital] 3-4 operative days; daily inpatient rounds
1981-	<i>Residency Program in General Surgery</i> PGY 1-5 Clinical teacher on rounds and in the OR	Beth Israel Deaconess Medical Center [prior to 1996: Beth Israel Hospital] 3-4 operative days; daily inpatient rounds

Formal Teaching of Peers (e.g., CME and other continuing education courses)

Narrative Report

•

I joined the staff at Beth Israel Hospital in 1981 after completing my surgical training and have remained on staff through the merger when Beth Israel Hospital became Beth Israel Deaconess Medical Center.

While certified in General Surgery, my particular areas of interest and expertise evolved into surgery for inflammatory bowel disease, and thyroid and parathyroid surgery. These are the main areas of my publications. I have given numerous lectures on both these topics as detailed in my CV.

I have been an active teacher on the clinical side all these years, providing operating room and office teaching for residents at all levels in addition to HMS students. I have a very busy clinical practice, and residents who rotate on my service end up with greatly above average experience in thyroid and parathyroid surgery.

I have never had any basic science responsibility but have participated in published research along with basic scientists. I continue to be active in clinical research in the areas of surgery for inflammatory bowel disease and endocrine surgery.

I was president of the Affiliated Physicians Group from 1983 to 2019 which is a major component of BIDCO along with HMFP (Harvard Medical Faculty Practice), and involved in monthly board meetings of BIDCO. For many years I was active in the Crohn's and Colitis Foundation.
